

Module 13 - Apologia Biology 2nd Ed.

Concerning Vocabulary - The other bold words in the reading assignment should still be reviewed as you're reading to make sure you are familiar with the word and to what it refers. The words below are required. Define them using the text or in your own words. (Make sure "your own words" cover the entire meaning.)

1st Reading Assignment (pgs 393 to 419, Stop at *Class Amphibia*):

- **OYO's** - 21 – (13.1 to 13.21)
 - **Vocabulary** - 25 Words – *Number your words*
 1. Vertebrae (ver' tuh bray) - (393)
 2. Notochord (no' tuh kord) - (393)
 3. Endoskeleton (en doh skel' uh tuhn) - (396)
