

Student Name: _____

Date: _____

Biology Lab Notebook Fall or Spring Semester

All work is filed in every section with the most recent on top.
Handouts may be filed in sections where they can be best used or referenced.

Each of the following are the required titles for your tabbed section dividers. Each counts as 4.7 points.

1. **Syllabus**

This section is for your year calendar. The current school work sheet can also be here, but nothing else.

2. **Reference Cards**

Cards need to be displayed in photo pages with most current on top. Remember to properly label.

3. **OYOs**

Must be CHECKED and corrected in red.

4. **Vocabulary (Numbered)**

Vocabulary word list for all modules should be followed by student's vocabulary work.

5. **Rules (Numbered)**

6. **Pre-Lab / Lab – Table of Contents: Yes _____ No _____**

The book's Table of Contents can be used to set this up for this section. Include lab number & title. (ie. Lab 1.1: Using a Biological Key)

7. **Study Guides**

Must be graded and corrected in red.

8. **Module Summaries**

If done for extra credit must be graded & corrected in red. (NOTE: To get extra credit, they must be turned in & not just filed in notebook.)

9. **Quizzes**

10. **Tests**

Must be graded and corrected in red.

11. **Handouts**

Should include handouts emailed. Handouts may be in other sections appropriate for what they are about.

12. **Projects**

Should include handouts emailed & work done for projects.

13. **Class Notes**

Blank paper should be in this section.

14. **School Work**

If school work sheets are kept, then file them here.

15. **Extra Work**

Subtotal of points out of possible 70.5

Followed Instructions:

1. Correct sections in correct order (most recent work on top) (15 pts)

2. Neat and organized correctly (15 pts)

Subtotal out of possible 30 points

Extra Points:

Exceptionally neat and organized (3-10 pts)

Grade Total
